APPENDIX 'A'Measurements and details of Floating DocksDock No.8 (First Section)

- |    |                                                                      |              |
|----|----------------------------------------------------------------------|--------------|
| 1. | Overall length of Section                                            | 56.34 metres |
| 2. | Length between inner sides of lower caisson                          | 56.16 "      |
| 3. | Overall breadth                                                      | 30.50 "      |
| 4. | Breadth between inner edges of sides of dock                         | 30.30 "      |
| 5. | Depth of lower caisson from inner side to top edge of keelson        | 3.75 "       |
| 6. | Gross tonnage of lower caisson<br>(56.16 x 30.30 x 3.75 = 6381.180 = | 2254.83 tons |
| 7. | Deduction from gross tonnage (598.81 c.mtr) =                        | 211.59 "     |
| 8. | Net tonnage                                                          | 2043.24 "    |

Dock No.8 (Second Section)

- |    |                                                               |              |
|----|---------------------------------------------------------------|--------------|
| 1. | Overall length of Section                                     | 69.33 metres |
| 2. | Length between inner sides of lower caisson                   | 69.15 "      |
| 3. | Overall breadth                                               | 30.50 "      |
| 4. | Breadth between inner edges of sides of dock                  | 30.30 "      |
| 5. | Depth of lower caisson from inner side to top edge of keelson | 3.75 "       |
| 6. | Gross tonnage of lower caisson                                | 2773.28 tons |
| 7. | Volume of lower caisson (227.5 x 97.1 x 13.4)=                | 2960.09      |
| 8. | Net tonnage                                                   | 2474.70 tons |

Dock No. 9 (First Section)

- |    |                                                 |              |
|----|-------------------------------------------------|--------------|
| 1. | Overall length of Section                       | 58.40 metres |
| 2. | Breadth of Section                              | 30.50 "      |
| 3. | Breadth between inner edges of sides of dock    | 30.30 "      |
| 4. | Depth                                           | 14.60 "      |
| 5. | Gross tonnage                                   | 1401         |
| 6. | Net tonnage                                     | 392          |
| 7. | Volume of lower caisson (185.6 x 97.1 x 13.4) = | 2419.92 tons |
| 8. | Registered Number                               | 21214        |
| 9. | Signal letters                                  | UTKC         |
